

RED ROCKS COMMUNITY COLLEGE FINE WOODWORKING PROGRAM

Register Now for Red Rocks Community College Woodworking Classes at the MiLL

Introduction to Woodworking

Provides an introduction to woodworking based on an old-world approach to the instruction of basic woodworking skills. This is an intense course intended for serious/professional students only. The course includes in-depth instruction of hand, power, and stationary tools and thorough instruction on the elements of design, shop drawings, and wood science.

34004 FIW 101 501
TW 6pm–10pm

Introduction to Turning

Explores the capacities of a lathe through spindle and faceplate turnings. The use of bead, cove, taper, cylindrical, v-cuts, proportion and curved line relationships are examined. Lathe components, tools, and sharpening are explored.

34003 FIW 118 501
M 6pm–1 pm

Woodworking Intensive II

Focuses on traditional woodworking tools and techniques for creating furniture and utility objects while introducing students to technological advancements in the industry. Design and professional practices will be carefully considered for each project. This class functions as a natural progression of Woodworking Intensive I (FIW 260).
